Report of the Expert Committee on Micro, Small and Medium Enterprises

Micro, Small and Medium Enterprises form a vital component of the Indian Economy. The Government and Reserve Bank of India have taken a number of measures from time to time to support this sector. A number of committees appointed by the Government/RBI have identified issues and made recommendations in the past. Many of these recommendations have guided different policy initiatives. However, MSMEs continue to face challenges of formalization, access to knowledge services, access to timely and adequate finance, improving competitiveness, availability of skilled man-power, access to latest technology and marketing. The MSME sector is yet to benefit from the advances in digitization, which can substantially reduce the cost and time for this sector. SHGs and rural entrepreneurship have made very good progress in the last few years, but creating the environment for the next stage of their growth is a task yet to be accomplished. The sector was also affected in the recent past due to structural changes in the economy. In this Context, RBI formed a Committee in the Chairmanship of Shri U. K. Sinha. The report of said committee may be accessed from the link https://rbidocs.rbi.org.in/rdocs/PublicationReport/Pdfs/MSMES24062019465CF8CB30594AC29A7A010E8A2A034C.PDF.

Govt asked Banks not to declare any stressed MSME as NPA till March 2020

In a major relief for Micro, Small and Medium Enterprises (MSME), Finance Minister Nirmala Sitharaman on Thursday announced that stressed MSMEs would not be declared nonperforming assets (NPA) till March 31, 2020.
